# LOCATION

Our home base called "**Le Noell**" is located in the **Eastern Pyrenees mountains**, near to Mediterranean coast and Spain. During school year we offer **ministays or tailor-made language study vacations** all year-round and **French Summer Camps** in July & August. Full board accommodation, excursions and many activities on site according to your curriculum and budget.

# CONCEPT

FIL offers **French immersion courses in France**. We teach authentic and funny French thanks to **interactive workshops**, in small groups (generally 3 hours per day). **Our method?** Ensure French immersion to **develop interest and motivation** for the language! Our priority is to develop **oral expression** and **usual French**. We encourage the students to **speak French all day long** (activities and games, cultural visits, daily life). Our **French teachers** and monitors are graduate in **FLE** (French as a foreign language) **didactics**.

# THE CENTER

The center has welcomed thousands of children for more than 40 years and we come back for its unique setting and **family atmosphere**! Everything is adapted for **groups of 20 to 105** children, **from 6 to 18 years old**, to allow the youth to evolve **freely** and in complete **safety**.

**Bedrooms for 4 to 6** with bunk beds and bath room for each bedroom.

**Cooking and meals concocted on site:** balanced and varied menus, regional dishes and seasonal products. 3 dining rooms and terraces in spring and summer.

**Big rooms** available **for activities** and sound and light equipment.

**Games/relaxation areas:** volleyball, badminton, football, pétanque, ping-pong, table football wooden games, swimming pool, etc.

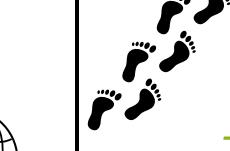

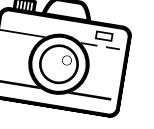

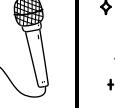

# MiniSTAY 4 days and 3 nights at fil (example)
